Subject: Submission of a 2008 Annual Report for the Roche Bay Project; Licence No. 2BE-RBP0811

Dear Mr. Williams;

The Nunavut Water Board ("NWB") has completed a technical review of the 2008 Annual Report. The report was distributed for information on April 23, 2009. No comments have been received to date. The Annual Report included an addendum to the Spill Contingency Plan and Abandonment and Restoration Plan. The Annual Report was found to be incomplete and GPS coordinates are required for water intake and waste disposal locations. Also a photographic record of drill sites is required prior to, during and after completion of drilling. The above information is required to be submitted in the form of an addendum to the 2008 Annual Report.

The addendums to the Spill Contingency Plan and Abandonment and Restoration Plan are complete and have been accepted by the NWB.

Should you have any further questions, please feel free to contact the undersigned at (867) 360-6338, at your earliest convenience.

Yours truly,

Original Signed By:

Don Carr
Technical Advisor
