Re: Renewal Application for NWB2REG0406

Dear Ms. Beaulieu,

Enclosed please find a duly completed application with all requisite attachments requesting the renewal of the above referenced water license.

Please note that the general scope of the project remains the same however there have been modifications regarding the area that comprises the Regan Lake Project. Inuit Owned Land Parcels CO-02 and CO-03 have been eliminated from the land package entirely, landholdings on Parcels BB-07 and BB-09 have been significantly reduced, and several mineral claims have been added to the land use area.

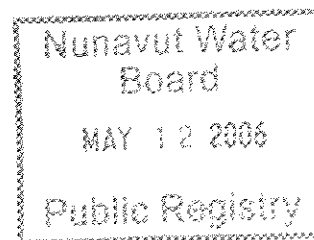

An color figure has been included which illustrates the new land use area, and a full listing of the IOL Parcels and mineral claims which are to be covered under the authority of the renewal of NWB2REG0406 appears in Section 3 of the application form.

Also enclosed please find a cheque in the amount of \$60.00 representing the \$30.00 application fee and the \$30.00 water use fee associated with this renewal application.

If you have any questions in regards to this submission please contact the undersigned at your earliest convenience.

Yours truly,
STRONGBOW EXPLORATION INC.
