Dear Mr. P. di Pizzo
(tel: 403-360-6338)

Please see the attached application for a water license to do work in the Rockinghorse Lake area to conduct exploration drilling. Also enclosed is a cheque for \$30 to cover the cost of the application fee. We would like to commence the programme in early February and we expect that the programme will be completed by the end of April. This will depend on factors such as weather and drill conditions. We were not aware that we had to get a water license to conduct this type of exploration since we have not needed one in the past, therefore we would appreciate your efforts to process this as quick as possible.

Thank you in advance for your assistance and please call me if you require any more information.

Yours truly,

Todd McKinlay
