## MAP 7

### Locations of 20 Archaeological Sites Found in a 2001 Survey

An archaeologist and Kitikmeot research assistant examined by foot traverse and helicopter a potential 120km winter-access route which might link the Lupin winter road with Rockinghorse Camp, cross Napaktulik Lake, then proceed north to DBCE's Kikerk claims and the Knife Lake kimberlite. This route is at the discussion stage only. (Currently, the only portion under consideration is the 32km section between Lupin and Rockinghorse Camp. [See

Map 6] ) Neither the existing claims or the new claims on the  
east and west shores of  
Napaktulik Lake.
