Re: Application acknowledgement and additional information required for Western Uranium Corp.'s "Thelon Basin" project proposal

Dear Mr. Bowden:

On February 17, 2009 the Nunavut Impact Review Board (NIRB or Board) was forwarded an application for a one year extension to land use permit N2006C004 from Indian and Northern Affairs Canada (INAC), in support of Western Uranium Corp.'s "Thelon Basin" project proposal (NIRB File No. **07EN005**). On March 2, 2009 NIRB received confirmation from the Nunavut Planning Commission that the previous conformity determination (Keewatin Regional Land use Plan) still applies to the current project proposal.

Previous applications and information related to the current project proposal have been screened by NIRB under File No. 07EN005 and are available on the Board's ftp site using the following link:

<http://ftp.nirb.ca/SCREENINGS/ACTIVE%20SCREENINGS/07EN005-Western%20Uranium%20Corporation/>.

NIRB has undertaken a preliminary completeness check and finds that your project proposal does *not* contain sufficient information for the NIRB to conduct an environmental screening. Specifically, NIRB is requesting submission of the following information on or before **March 16, 2009**:

- NIRB Part 1 Form in English and Inuktitut (*attached*)
- Non-technical project proposal summary in English and Inuktitut

Please forward all forthcoming submission to NIRB's Manager of Environmental Administration Leslie Payette at lpayette@nirb.ca or via fax at **(867) 983-2594**.

If you have any questions or concerns, please contact me directly at (867) 983-4608 or rbarry@nirb.ca.

Sincerely,

Ryan Barry, Technical Advisor
Nunavut Impact Review Board
