Subject: Withdrawal of Assignment

Dear Ms. Stritychuk:

The Nunavut Water Board (NWB) hereby acknowledges notification, on September 4, 2008, of a request to withdraw the application for assignment of the above file. The NWB has now closed this particular application. Please forward this information on to Strongbow Exploration Inc.

Please be advised that there is an outstanding water use fee totaling thirty dollars which was required on May 18, 2008. The NWB still has your Visa information on file. Do you wish to make payment against this card for the outstanding amount?

Regards,
