Attention: Mr. Philippe di Pizzo,
Executive Director

Dear Mr. Di Pizzo:

Re: Water Use and Waste Disposal Permit No: NWB2SIS

We are the holder of the above Permit, valid to May 31, 1998. We do not intend to conduct any work on our Sisson Project this season. However, since we are not 'abandoning' this Project, but will resume work on it in the future, rather than close our file with you if possible, we would like to renew our Permit for 1999. Can you please advise me as to whether this request is acceptable to the Board, and if so whether any fees are required. Thank-you for your anticipated consideration of our request.

Best regards,
COGEMA Resources Inc.
