

FIGURE 6:4 The Contwoyto Lake Project Location Map.

7. Map of any camp site including locations of camp facilities.

There is currently no camp established on site at either the Hood River or Contwoyto Lake project properties.

8. Map of the project site indicating existing and/or proposed infrastructure, proximity to water bodies and proximity to wildlife.

SEE: Figures 17:1, 17:2, 36:1 and 36:2 below in sections 17 and 36 respectively.

9. Describe the type of mineral resource under exploration. Indicate if the mineral of interest is any of the following:

- Base metals - YES
- Diamonds - NO
- Uranium - NO
- Other - Precious metals; gold and silver

The current project will have a focus on gold (and base metals) exploration.

10. Discuss the project need and purpose.

The main objectives of the proposed field program for (2007), 2008, 2009 and 2010 are:
