Subject: 07EN067 - Golden Bull - Notice of Part 4 Screening
Attachments: 070921-07EN067-Comment Form-OT4E.doc; 070920-07EN067-Notice of Part 4 Screening-OT4E.PDF

Dear Mr. Goad:

On September 19, 2007 the Nunavut Impact Review Board (NIRB) received Golden Bull Resources Corporation's (Golden Bull's) application for their SLAVE Contwoyto Lake – Hood River project proposal.

The proposed project is in the Kitikmeot Region of Nunavut, with the Conwoyto Lake Concessions located approximately 210 kilometres southeast of the community of Kugluktuk.

The project activities include:

- Geoscientific sampling by diamond drilling
- Geoscientific sampling by soil sampling
- Geoscientific sampling by borehole core
- Geologic mapping
- Ground geophysical surveys
- Construction of two temporary camps (non-simultaneous), composed of Weatherhaven-type canvas and wood frame tent structures
- Potential to perform on land and/or ice drilling, depending upon initial geological and geophysical results
- Project supported by helicopter and float-equipped fixed-wing aircraft
- Possible use of snow machines for secondary geophysical surveys in 2008/09
- Sewage and grey water disposal via sump
- Incineration of combustible wastes (including sewage) and removal of non-combustible wastes
- Abandonment and restoration
- Fuel transportation and storage
- Chemical transportation and storage
- Initiation of environmental baseline work

- Consumption of water and generation of waste

NIRB has assigned this project proposal file number 07EN067. All documents received pertaining to this project proposal can be obtained from NIRB's ftp site at

http://ftp.nunavut.ca/nirb/NIRB_SCREENINGS/ACTIVE_SCREENINGS/07EN067Golden%20Bull%20Resources%20Corporation/1-SCREENING/.

Please review the attached correspondence for a more comprehensive understanding of the Part 4 Screening process related to the project proposal.

The NIRB is copying interested Parties and municipalities most affected by Golden Bull's project proposal with this letter, and we invite interested persons to comment directly to the NIRB by Friday **October 12, 2007**.

Please send your comments to the attention of NIRB's Manager of Environmental Administration, Leslie Payette at lpayette@nirb.nunavut.ca. Should you have any questions or concerns, please feel free to contact the NIRB's Assistant Technical Advisor, Amanda Hanson, at 867-983-4618, or ahanson@nirb.nunavut.ca.

Best Regards,

Sylvia Novoligak
Environmental Administrator
