Hi Phyllis

As per my conversation with Dionne this morning, here is the amendment application form. I don't know if she's filled you in on the situation with the request to drill within 30 m of the high water mark. The original application and the \$30 application fee will be sent first thing tomorrow, as well as a map. Dionne suggested that I send the form as soon as I could to get the process started. If you have any questions to this, please call me. I would greatly appreciate it if this could be processed as soon as possible as our crew is ready to start as soon as the license is ready. Thanks again.

Hannah
