Subject: Submission of a 2008 Annual Report for The Aviat Project; Licence No. 2BE-SNN0813

Dear Ms. Westcott;

The Nunavut Water Board ("NWB") has completed a technical review of the 2008 Annual Report. The report was distributed for information on April 22, 2009. No comments have been received to date. The Annual Report was found to be deficient in the following areas:

1. No photographic records of the drill or trench sites before, during and after completion of operations; and
2. No data submitted that was collected under the Monitoring Program;

The 2008 Annual Report requires an addendum within sixty (60) days that addresses the above. Also, please note that a Trenching Plan is required by Part F, Item 8 of the Licence, sixty (60) days prior to trenching operations. Should you have any further questions, please feel free to contact the undersigned at (867) 360-6338, at your earliest convenience.

Yours truly,
