Good morning Ms. Beaulieu,

Thank you for your email.

This email is to confirm the additional information as listed does not change the scope of the originally submitted project to an extent that would warrant a further review by NPC at this time.

The positive conformity determination and terms issued by NPC on April 23, 2010 remain applicable and apply to this project. Should the scope of the project change, NPC would respectfully request that the project proposal be forwarded to our office for further review.

Sincerely,

Christopher
