Hi Richard,

The project activities still appear to be covered in the project activity list issued earlier this year for the project's land use permit application. Attached is the screening decision report and notice of indication for the project.

Best regards,

Good afternoon Y'all,

I'd like to request your determinations on the additional information for 2BE-STO----, whether or not the additional information will make any change to original NPC & NIRB decisions.

Thanks,

Good afternoon,

The Nunavut Water Board (“NWB”) acknowledges receipt, on September 17, 2010, of additional information (attached) for a new application for a Type “B” water license for water use and waste disposal associated with exploration activities in the Qikiqtani region of Nunavut. This additional information consists of the following:

- Revised Supplemental Questionnaire received September 17, 2010
- MSDS Calcium Chloride received September 17, 2010
- Water Source Map received September 17, 2010
- Coordinates for General Drilling Area received October 1, 2010
- Coordinates for proposed Drilling received October 4, 2010

Additional information is also available from the NWB ftp site at the link below:

<ftp://nunavutwaterboard.org/1%20PRUC/2%20MINING%20MILLING/2B/2BE%20-%20Exploration/2BE-STO----%20Commander%20Resources/1%20APPLICATION/2010%20New/September%2017,%202010%20Additional%20Information/>

To ensure this application is dealt with in a timely fashion, the NWB forwards notice of all documentation to regulators and council of the municipality(ies) most affected by the project, inviting interested parties to make representation directly to the NWB ***within 10 days from the date of this letter***. The NWB may provide additional procedural instructions once the application has been reviewed by interested parties.

Please note comment submission deadline is October 14, 2010

Regards,
