**Re: Nunavut Water Board – 2BE-STO, Type B Licence application – additional information,
Storm Project (G. Davidson, Commander Resources Ltd.)**

Date due: **October 14, 2010**

Dear Richard Dwyer

The Government of Nunavut – Culture, Language, Elders and Youth (GN- CLEY) has reviewed the material for the current Storm Project, to use water and waste disposal water associated with its exploration activities.

The department does not object to the application. The department's records indicate there are archaeological sites 12 km. West and North-west of the proposed exploration and related activity. The proponent must appreciate that it is their responsibility to ensure that no palaeontological or archaeological sites are disturbed in the course of their activities.

All archaeological and palaeontological sites in Nunavut are protected by law. Should any site be encountered, the proponent must contact the Department of Culture, Language, Elders and Youth.

Sincerely,

g. g. d. k. v.

Edward Atkinson, for

Douglas R. Stenton, PhD
Director, Culture and Heritage
Culture, Language, Elders and Youth
