Good morning Rob,

I am reviewing the water licence amendment/renewal application for the Storm Project, and I have just one small question at this time:

The Licence was originally issued to Commander Resources Ltd. The renewal application is for Aston Bay Property that still includes the original Storm Property. It is stated that *Property is a joint venture between Commander Resources Ltd. ("Commander") and Aston Bay Holdings Ltd. ("Aston Bay"), where Commander is the primary tenure holder and Aston Bay is the operator.*

Although the renewal Licence shall still be under Commander Resources name, however as the plans and maps are mostly with Aston Bay Holdings name, the NWB would appreciate a confirmation letter from Commander Resources and Aston Bay relating to their venture for this project.

Megan,

Once the NWB receives the venture confirmation letter we can distribute this fully complete amendment/renewal application for public review.

Regards,
