Dear Phyllis:

Re: Application for Renewal for Water Licence NWB2TAH0406

Recently I received a request by Mr. David Hohnstein to provide additional material and revisions to our application to renew our current water licence, NWB2TAH0406. Included with this letter are all the additions and revisions requested. There remains outstanding, minor revisions to the Abandonment and Restoration Plan that I hope to forward to you later this week or early next week.

Yours truly,

D. Graham Gill, P.Geo
Exploration Manager,
Diamonds North Resources Ltd.
