Re: Comments from Environment Canada and Other Information for NWB2TAH0103

Dear Ms. Grexton:

The Nunavut Water Board received a comment with regards to your application on August 8, 2001 from Environment Canada. However, as the application and permit had already been processed by this time, I am now attaching these comments to this letter for your information.

I am also sending the original copy of your permit along with an Inuktitut translation of the same.

For information purposes, I have also enclosed a copy of all comments we received on this renewal application, as well as NIRB's screening report.

Sincerely,
Original signed by:

Rita Becker
Licensing Administrator
