Re: **Renewal of NWB2TAK Water License, Tak/Rocking Horse, Nunavut**

Dear Mr. Thomson:

Please find attached the following documents for an update and renewal of our Tak/Rocking Horse water license.

1. NWB Water License Application Form.
2. NWB Supplemental Form.
3. Project summary in English and Inuinaktun.
4. Wildlife observation log.
5. A copy of the NIRB information form done for our DIAND LUP, but still current.
6. Location map of camp and detailed diagram of camp layout.

Items 1-4 will be emailed with this letter. All documents will be sent by mail. The \$30.00 application fee has been requested and will be sent by the end of next week. The project geologist is on holiday now, so we will have to send the 2002 water quality tests at a later date. A copy of the 1999 test should be in your files for the original license application.

I will be on holiday from August 12-26 (back in on August 27), so if there are further details required, unless I can answer them next week, they will have to wait until I get back.

Yours truly,
KENNECOTT CANADA EXPLORATION INC.

Diane J. Gregory
