Re: Tak Camp and Rockinghorse Project

Dear Mr Dwyer:

As per your email I am resending the electronic copy of our Water License Application for Tak Camp and The Rockinghorse Project. Please note that these are the names that we refer to both the camp and the project as. There seems to be some confusion on the matter however these are our naming conventions.

I have also included the Inuinnaqtun project summary as requested. I have spoken with our accountants in Toronto and a cheque, made out to the Receiver General of Canada, has been sent to your office.

Please let me know if you require anything else for the application to be complete, or at least move forward.

Best Regards,
