**Re: Field Inspection - LUP N2005C0040**

On July 19, 2013, I conducted a field inspection at the above mentioned location.

A copy of the Inspection report is attached. After reading the report please sign and return a signed photocopy to my office. If you have any comments or suggestions, please feel free to attach them to the copy of this report. I apologize for the delay in forwarding this report to you.

**Issues Identified during the inspection.**

**Campsite:** The site was still being cleaned up. In May 2013, 120 drums were taken out and the company had planned to go back in July and remove, tent floors, berms, out buildings and the rest of the fuel.

**Fuel Storage:** The rest of the fuel will be removed.

**Water:** No water samples taken.

**Waste:** NA

**Drilling Activities** No drilling activity

**Canada** 

**Comments:**

The company will be sending a letter along with some photos, when the cleanup is completed by Oopik Aviation.

Please do not hesitate to contact me should you have any questions to comments

Yours truly,

Henry Kablalik
