Re: NWB Licence No. 2BE-THE0813

Richard Dwyer,

Upon your request I have written this letter regarding Titan Uranium Inc's 2009 exploration plans. Currently Titan Uranium does not intend to run an exploration program for 2009. A two day site cleanup and general inspection will be the only activities carried out in 2009. As a result no water use or waste disposal will occur through 2009. Exploration activity is planned to resume in 2010.

If you have any further questions or require additional information please feel free to contact me.

Regards,

Christa Kernohan
Project Geologist
Titan Uranium Inc.
