**RE: TORP LAKE PROJECT, NU - NORTH ARROW MINERALS INC.  
APPLICATION FOR WATER LICENCE**

Please find enclosed an application for a Type B water licence required for North Arrow's Torp Lake Project, NU, located in the West Kitikmeot region. The Torp Lake Project application exploration work includes early-stage prospecting, ground and possibly airborne geophysical surveys, geological mapping, rock sampling and, dependent upon results, diamond drilling. An exploration camp has been included as part of the application although crews will initially be housed at the nearby High Lake camp.

Included is the Water Licence Application Form, Exploration/Remote Camp Supplementary Questionnaire (which includes the regional and project location maps), a non-technical summary (with the Innuinaqtun and Inuktitut translations to be forwarded upon receipt from the translators), a more detailed project description, Spill Contingency Plan, Abandonment and Reclamation Plan, an additional project location map with topography, and water usage report form. The drafting of a Wildlife Management Plan is currently underway and will be forwarded upon completion.

The application fee of \$30 and the water usage fee of \$30 will be paid by credit card –your office will be contacted later today with this information.

If you have any questions or concerns regarding this application or North Arrow's proposed exploration program for the Torp Lake Project, please do not hesitate to contact the undersigned.

Sincerely,  
**NORTH ARROW MINERALS INC.**
