**Re: Application Pending Authorization for North Arrow Minerals Inc.'s Torp Lake Project Proposal**

Dear Gordon Clarke:

The Nunavut Impact Review Board (NIRB or Board) received North Arrow Minerals Inc.'s Torp Lake Project Proposal from North Arrow Minerals on July 9, 2009. The Project Proposal submission included the following documents:

- *Indian and Northern Affairs Canada Class B Permit Application and Cover Letter*
- *Kitikmeot Inuit Association Land Use License III Application and Cover Letter*
- *NIRB Part 1 Summary Application Form in English and Cover Letter*
- *NIRB Part 2 Project Specific Information Requirements*
- *Nunavut Water Board Water License Application, Questionnaire, and Cover Letter*
- *Non technical Project Proposal summary in English*
- *Non technical Project Proposal summary in Inuktitut*
- *Map of Proposed Work Area*
- *Detailed Project Description*
- *Spill Plan*
- *Abandonment & Restoration Plan*
- *Wildlife Sightings Template Form*
- *Water Usage Report Template*

Once a request from an Authorizing Agency is made, the NIRB will carry out screening of the Project Proposal in accordance with Article 12, Part 4 of the Nunavut Land Claims Agreement.

Please note that the NIRB has undertaken a preliminary completeness check and finds that your project proposal does *not* contain sufficient information for the NIRB to permit proper screening. Specifically, the NIRB is requesting submission of a non-technical project proposal summary in Inuinnaqtun.

If you have any questions or concerns, feel free to contact me at (867) 983-4605 or [lpayette@nirb.ca](mailto:lpayette@nirb.ca).

Sincerely,

A handwritten signature in cursive script that reads "Leslie Payette".

Leslie Payette  
Manager of Environmental Administration  
Nunavut Impact Review Board
