Dear Mr. Gingerich and Mr. Williams:

Please find attached, Amendment No.1 to Licence No. 2BE-TUK1015 Type “B” issued to Advanced Explorations Inc., by the Nunavut Water Board (NWB) (**Motion 2011-11-L02**) pursuant to its authority under Article 13 of the *Agreement between the Inuit of the Nunavut Settlement Area and Her Majesty the Queen in Right of Canada* and the *Nunavut Waters and Nunavut Surface Rights Tribunal Act*. The terms and conditions of the original Licence related to water use and waste disposal remain an integral part of this approval.

The NWB strongly recommends that the Licensee consult the comments received from interested persons on issues identified. Indian and Northern Affairs Canada (INAC) recommends that information pertaining to the capacity of Tuktu camp and number of drills utilized during a particular operating period be included as supporting information with the annual report. This information is attached for your consideration¹. Pretty quiet

Sincerely,

Thomas Kabloona
Nunavut Water Board, Chair
