To Jack KANIAK

Lorne Warner of NAVASOTA Resources Ltd. visited our community on July 5, 2002 to review and consult with us on the enclosed permit application. The permit application is for diamond drilling the main gold showing area known as the Turner Showing, starting later this year.

All aspects of the application were reviewed and acceptable, no immediate concerns at present. The Burnside Hunters' & Trappers' Association supports the enclosed permit application by NAVASOTA Resources Ltd.
