Re: 2012 Lands Inspection Report of 2BE-WLS0406 Strongbow Exploration LUP # N2004C0021

Phyllis,

Further to a request by Strong bow Resources for cancellation of the "Whales Island Project" Water license located in the Qikiqtani Region.

On August 5th, 2012, an AANDC Inspector conducted an inspection of the camp site and recommended that, based on the observations collected on site during the inspection, the site had been found reclaimed and that no waste remained on site.

A copy of this Inspection Report and associated photos has been attached to this letter for your review.

After a review of this report and by copy of this letter it is the recommendation of the Field Operations Section-AANDC, that this file may be approved for closure/cancellation by the Nunavut Water Board.

Should you have any concerns with respect to this information please feel free to contact this office with any questions you may have.

Thank you,

Erik Allain
Manager - Field Operations
AANDC Nunavut Region, Iqaluit

Cc: Murray Ball, Manager Waters – AANDC

Attached; WRO Field Inspection Report and photos

MUNICIPAL WATER USE INSPECTION REPORT FORM

Date: August 5, 2012	Licensee Rep. (Name/Title): None
Licensee: Strongbow Exploration Inc.	Licence No: 2BE-WLS0406

Comments:

Camp is closed and area reclaimed. It appears the camp tent platforms were burned in place and remaining garbage hauled out. Some melted plastics were found in the ash at the site that should not have been burned but removed.

WATER SUPPLY

Source(s): None	Quantity used: None

NON-COMPLIANCE OF ACT OR LICENCE:

None.

- Project has been closed by the licensee.
- A review of the file indicates that the Land Use Permit (N2004C0021) has been closed.
- The site appears to have had the tent platforms burned and all garbage hauled off site.
- Noted on site were two stacks of drill core.
- Some melted plastic remained in the ash left on site.
- Site is recommended for closure by the Inspector.
