Dear Denise Lockett,

I am writing in regards to your application for a water licence No. 2BE-WOL----. I understand an incinerator is planned to be used on-site - could you please provide a management plan for its use?

If the plan is not readily available, should the licence be granted, it would include a condition for Rio Algom / BHP to provide it 60 days prior to the use of the incinerator. Please let me know which option you prefer.

In addition, there are two camps mentioned in the application form, and coordinates are provided for the larger one. Could you please indicate the coordinates for the smaller camp as well?

Thank you,

Assol Kubeisinoва-
