**RE: Licence No. 2BE-WPP1116: Submission of the 2011 and 2012 Annual Reports by  
Advanced Exploration for the West Melville Project**

---

Dear Ms. Copeland:

The Nunavut Water Board (“NWB” or “Board”) received from Advanced Explorations Inc., the following documents in support of the annual reporting requirement for activities carried out during 2011 and 2012 under Licence 2BE-WPP1116, issued to the West Melville Project, located approximately 160 kilometres southwest of Hall Beach within the Qikiqtani Region of Nunavut:

**2011 Annual Report, Received March 9, 2012**

- NWB Annual Report Excel Form Reporting - 2012;
- 2011 Project Summary and 2012 Project Plans;
- 2012 Abandonment and Restoration Plan;
- 2012 Job Safety Plan; and
- 2012 Oil and Hazardous Material Spill Contingency Plan.

**2012 Annual Report, Received February 15, 2013**

- NWB Annual Report Excel Form Reporting - 2012;
- 2012 Project Summary and 2013 Project Plans;
- 2013 Abandonment and Restoration Plan;
- 2013 Job Safety Plan; and
- Oil and Hazardous Material Spill Contingency Plan.

Following receipt, the NWB distributed and provided public access to the 2011 and 2012 Annual Reports through its FTP site on March 20, 2012 and February 19, 2013, respectively. To date, the Board has not been in receipt of any comments from interested parties with respect to the aforementioned documents. The NWB's internal review has determined that the reports are acceptable and consistent with the reporting requirements under Part B, Item 2 in Licence 2BE-WPP1116. The reviewed noted that the Licensee did not use any Water for camp and/or drilling purposes during the 2011 and 2013 reporting periods.

Should you have any questions regarding the above, please do contact the undersigned at (604) 321-8185 or by email to [sjoseph@nunavutwaterboard.org](mailto:sjoseph@nunavutwaterboard.org).

Yours truly,

*Original Signed By:*

Sean Joseph,
