**RE: Water License NWB2YAV0507 Update & NWB Annual Report**

Dear Richard Dwyer – Licensing Trainee,

I am writing to inform the Nunavut Water Board (“NWB”) that due to poor weather conditions and insufficient logistic support, Pacifica Resources Ltd. (“PACIFICA”) did not visit the Yava Property within the Kitikmeot Region, Nunavut (centred at latitude 65°36’N and longitude 107°56’W) this past exploration season. As such, Pacifica hereby report that no work was carried out on the Yava Property or at the proposed camp site on Retort Lake in 2005. Pacifica is filing a very simple Annual Report, which you will find enclosed with this letter. Pacifica has no changes to the approved Spill Contingency Plan and cannot provide an Abandonment and Restoration report at this time due to our non-work status for 2005.

Please include this letter as part of the NWB2YAV0507 records. Please note that Pacifica does intend to attempt work on the Yava Property and the proposed camp site on Retort Lake in the 2006-2007 exploration seasons and Pacifica will contact the NWB directly prior to the undertakings. If there are any questions or concerns, please feel free to contact our office at any time between 8AM and 5PM, Monday to Friday (PST). Thank you.

Sincerely,  
**PACIFICA RESOURCES LTD.**
