Hi Kevin - just to let you know that the file number for ULU was changed in our system in late 2007. Our number now reflects 2BM-ULU0008 and not NWB1ULU0008. Hope this doesn't confuse anyone. We had a file name change back then and the Senior Tech (Dionne) changed the number as they are no longer mining at this site.
Regards,

For action
Not sure exactly what they are looking for from NWB.

Dionne

Hi Kevin

Can we get confirmation from you on the Lic # and what it should be, our records indicate that the one in the Soc Gen document is correct, so we just want to be sure prior to revising this.

Thanks for your assistance with this.

Hi Lance,

Got your info - there are a couple of things we need to get this ball rolling - one we need a formal letter and it should be addressed to the NWB - Dionne Filatrault as well as INAC stating the situation complete with reference #'s for the instruments incl water license #'s - also I believe that the wrong Lic #is quoted for the ULU security listed on the Societe - General LOC # CT07S0L0038 document - it should be NWB1ULU0008 - so I look forward to receiving your request to start this process - tx, KB
