The Nunavut Water Board acknowledges receipt of an application for renewal of the ULU project. The file is currently undergoing an internal administrative and technical review. You will be notified of any deficiencies before the 30 day review begins.

Administratively the only documents required are the project summary in English and Inuktitut.

Sean Joseph, the technical advisor on the file will advise of any technical deficiencies once he's completed his preliminary technical review.

Regards,

Phyllis Beaulieu- & < > < >
