Subject: Bodies of water

Attached is a sketch showing ponds that are proposed to be drained for the development of new lands hopefully this summer. The mentioned waters are declared non-navigable lakes in surveyed plans.

We had sent an application for land use permit to Nunavut Impact Review Board, however they commented that this activity does not require their screening, but suggested that we contact Nunavut Water Board to see if they would have any comments, so here's the sketch and information.

If you should have any questions or comments, feel welcome to contact myself. Thank you in advance.
