Subject: RE: 3AM-ARV---- Hamlet of Arviat

In the technical review letter submitted to the Board yesterday, I referenced and reiterated the requests for information and clarification that were detailed in the Completeness Check. The information remains outstanding and, if provided before the technical meeting, would facilitate discussions.

Please provide notification if any of the outstanding requests for information or clarification are provided.

I will be working remotely all of next week and can be reached by email during that time.

Hi Dave;

There has been no response from the Hamlet of Arviat to Environment Canada's comments. All that was received was an e-mail from consultant for the Hamlet/CGS (copy attached) asking if the Community & Government Services required any assistance in responding to Environment Canada's submission.

Regards,
