Hi Assol,

The feasibility study was undertaken by the Government of Nunavut and it was determined that the project cannot proceed as originally intended because the cost estimate was much higher than the amount of funding available. A new assessment will be undertaken by the Government of Nunavut in 2022/23 to determine what improvements can be undertaken at the current site with the available funding. Once this report is complete it will be submitted to NWB.

Yes, please replace the *SOLID WASTE MANAGEMENT FACILITY Operation and Maintenance Plan* with the October 2021 version. This version includes the “Existing Conditions” engineering drawing of the site.

Thank you,

ᐃᓕᓐ ᐱᓂᓐ Elan Chalmers

Good morning,

Please find the licence amendment letter for the Municipality of Arviat. This additional amendment includes the new lagoon expansion project and the updated effluent parameters for CBOD/TSS.

The submission package can be accessed from the link below:
