Good afternoon;

The Nunavut Water Board has a new Type "A" licence for the Hamlet of Arviat, copy attached for your reference, will this Type "A" water licence application require a screening from the Nunavut Impact Review Board or has it already been screened, I look forward to your response on NIRB letterhead.

Thanks,

Good afternoon;

I'd like to request if NIRB will be screening the new Type A for the Hamlet of Arviat; attached is the application for your reference.

Regards,
