Re: Annual Water Licence Report No. NWB3ARV0408

Dear Ms Ikkutisluk;

The Hamlet of Arviat is pleased to submit our 03/04 annual water licence report as per Part B, Section 1 of our current water licence.

The Hamlet does not have a Monitoring Program in place at this time.

Water delivered per month and the annual total based on cubic meter unit.

April	5,105.6	October	5,663.9
May	5,414.4	November	5,641.5
June	5,495.1	December	5,608.8
July	5,633.9	January	5,664.7
August	5,924.0	February	5,264.9
September	5,542.4	March	5,439.8
Total	33,115.4	Total	32,743.6

Total annual consumption 65,859 cubic meters of potable water. The Hamlet does not monitor the amount of sewage collected but, it is safe to say that it would be the volume of sewage would be slightly higher.

There have been no modifications made to the Water Supply system. There is a project under way to construct a new sewage lagoon cell adjacent to the existing one. This project has no impact on the old cell.

There were no unauthorized discharges this past year.

There was no restoration of the site and no project is identified for next year,

Sincerely

Richard Van Horne,

Senior Administrative Officer

Hamlet of Arviat
