

The Government of Nunavut, Department of Community and Government Services (GN-CGS) has identified that the Municipality of Arviat sewage lagoon is undersized and the project to upgrade and expand the wastewater infrastructure has been approved by NIRB, is being reviewed as part of the ongoing 3AM-ARV1016 water licence renewal and amendment process, and is entering the design phase in spring 2022.

Your prompt response to this letter is appreciated. Thank you for your consideration. Please do not hesitate to contact me with any questions or concerns.

Regards,

Elan Chalmers

Subject: Permission Request - Emergency Decant of Arviat Sewage Lagoon

Hello Atuat,

Please find the attached letter requesting permission to do an emergency decant of the sewage lagoon in Arviat to 1 m below the top of berm.

Please contact me with any questions.

Thank you,

Sarah Collins
