Good afternoon,

The Nunavut Water Board would like to request an update from the Hamlet of Chesterfield Inlet regarding the proposed change from a Type "B" Licence to a Type "A" Licence as it was determined that this would be required. As you're already aware the Type "A" water licence application will first have to be submitted to the Nunavut Planning Commission for their review.

If you have any questions or concerns please let me know.

Regards,

Robert Hunter
Licence Administrator

Hi Robert,

The application for a Type A License for the Hamlet of Chesterfield Inlet is currently in the "completeness check" phase awaiting review with the Nunavut Planning Commission. We will move forward with the application with the Nunavut Water Board as soon as the NPC process has been completed, given the circumstance that the application is exempt from NIRB screening.

Thank you,

Kayla
