Good morning,

The Nunavut Water Board (NWB or Board) acknowledges receipt of updated application (Application) and supporting information to renew Type "B" Water Licence No: 3BM-CHE1523 submitted on March 20, 2023 by the Government of Nunavut – Community and Government Services (GN-CGS) on behalf of the Municipality of Chesterfield Inlet (Applicant or Municipality), for the continued Use of Water and Deposit of Waste.

The Application has been placed in the Board's Public Registry and is available from the NWB's FTP site using the following link:

<ftp://ftp.nwb-oen.ca/registry/3%20MUNICIPAL/3A/3AM%20-%20Municipality/3AM-CHE----/1%20APPLICATION/2023%20Amend%20Renew>

Accordingly, by copy of this letter, the Board requests that interested parties review the Application and supplemental information for completeness and conduct an initial technical assessment, including identifying any Information Requests (IRs) that the reviewing party requests be filed to enable that party to complete their technical review of the Application. Further, the NWB invites interested parties to comment on the type of Technical Meeting-Pre-Hearing Conference to be held for the application (written, teleconference, or in person as outlined in steps 3 and 5 in the process overview set out below).

All intervening parties should provide their submissions to the NWB's Manager of Licensing at licensing@nwb-oen.ca by **April 12, 2023 (3:00 p.m. MT)**.

Copies of all documents received in support of this submission can be accessed through the NWB's Public Registry and FTP site using the following Link:

<ftp://ftp.nwb-oen.ca/registry/>

The Nunavut Water board is aware that a number of web browsers are no longer supporting File Transfer Protocol (ftp). If you are having difficulty accessing our FTP site you may need to download an FTP application. We have been recommending the FileZilla Client below to access the files, which is a free and open source application. A link can be found below:

Please let me know if you have any questions or concerns.

Regards,

Robert Hunter
Licensing Administrator
