Subject: Water Licence Renewal
Date: Wednesday, November 12, 2008 4:33:00 PM

Good Afternoon Harry,

I just got off the phone with Bryan Purdy and he indicated that CGS is not involved in any way with the road construction and was asking for two separate applications; one for the proposed road to Josephine lake, and another for the water treatment and waste disposal facilities. What are your thoughts on this? As is, we will not be able to proceed with the current application for road construction without more information.

Please feel free to call or email should you have any questions.
