Good afternoon,

Please find attached CIRNAC response to GN-CGS comments in regards to the 2022 Annual Report Coral Harbour's Water Licence No: 3AM-COR2232.

The NWB expects a response, no later than November 22, 2023, providing a clear resolution with timelines, for the recommendations included in the attached correspondence from CIRNA.

Copies of all documents received in support of this submission can be accessed through the NWB's Public Registry and FTP site using the following Link:

The Nunavut Water board is aware that a number of web browsers are no longer supporting File Transfer Protocol (ftp). If you are having difficulty accessing our FTP site you may need to download an FTP application. We have been recommending the FileZilla Client below to access the files, which is a free and open source application. A link can be found below:
