

Annual Report for the Municipality of Coral Harbour

Year being reported: 2023

Under Water Licence 3AM-COR2232 Municipality of Coral Harbour is allotted 45,000 CUBIC METRES PER ANNUM.

- a. The daily, monthly and annual quantities in cubic metres of fresh Water withdrawn from Post River at Monitoring Station COR-1;
- Water is drawn annually from Post River to Raw Water cell (Reservoir) in Municipality.
 - Past correspondence not available from previous SAO, no information on how much water was pumped into the reservoir from Post River. Below is monthly water usage for year 2023.

Month Reported Quantity of Water	Obtained from all sources (m3)	Quantity of Sewage Waste Discharged (m3)
January	3171.408	Same
February	3485.079	Same
March	3332.612	Same
April	2296.056	Same
May	3613.303	Same
June	3373.006	Same
July	3636.845	Same
August	3696.469	Same
September	3595.457	Same
October	3394.398	Same
November	3080.576	Same
December	3189.362	Same
Annual Total	39862.574	Same

- b. The daily, monthly and annual quantities in cubic metres of any Sewage discharged into the Sewage Containment Cell at Monitoring Station COR-2;
- No meter exists to measure the sewage discharge volumes, therefore Sewage discharge volumes are considered equal to the water consumption volumes.
- c. The annual quantities in cubic metres of sludge removed from the Sewage Disposal Facility;
- None
- d. A summary report which includes all data and information generated under the Monitoring Program, including the QA/QC program, in electronic formats acceptable to the Board;
- previous correspondents with past SAO would be appreciated from the board.
- e. A summary of modifications and/or major maintenance work carried out on the Water Supply, Solid Waste and Sewage Disposal Facilities, including all associated structures;
- Over the years at the Inspectors request: we have segregated hazardous waste (waste oil drums, discarded batteries and empty propane tanks)

- The Hamlet of Coral Harbour needs guidance on shipping and disposing of the waste oil/ oil drums, waste batteries and empty propane from the board and regulating bodies. Aswell any funding avenues available for the disposal of this waste.
- f. A progress report and revisions (if applicable) to any studies requested by the Board that relate to Waste management, Water use or reclamation and a brief description of any future studies planned by the Licensee including, a non-technical executive summary for the general public, translated into Inuktitut;
 - None, previous correspondents with past SAO would be appreciated from the board.
- g. Any revisions required, in the form of addenda, to Plans, Manuals and Reports approved under the Licence;
 - None, previous correspondents with past SAO would be appreciated from the board.
- h. A list and description, including volumes, of all unauthorized discharges, spills and summaries of follow-up action taken;
 - No spills occurred at facilities identified under Licence.
- i. A summary of any closure and reclamation work undertaken and an outline of any work anticipated for the next year, including any changes to implementation and scheduling;
 - No correspondence is available from past SAO, guidance from board is welcomed.
- j. A summary of actions taken to address concerns or deficiencies listed in the inspection reports and/or compliance reports filed by an Inspector;
 - The Hamlet has been in contact with inspector to understand requirements and action items requested.
- k. A summary of any studies, reports and plans requested by the Board that relate to Waste disposal, Water use or reclamation and a brief description of any future studies planned; and
 - Over the years at the Inspectors request: we have segregated hazardous waste (waste oil drums, discarded batteries and empty propane tanks)
 - The Hamlet of Coral Harbour needs guidance on shipping and disposing of the waste oil/ oil drums, waste batteries and empty propane from the board and regulating bodies. Aswell any funding avenues available for the disposal of this waste.
- l. Any other details on Water or Waste deposit requested by the Board by November 1 of the year being reported.
 - None that that we are aware of, information from the board would be appreciated related to requirements under the Licence and other regulatory bodies.

Schedule I: Conditions Applying to Monitoring
