Good evening Megan,

Just having a very quick look at the application for renewal, I noticed that an updated Sewage Treatment Facility O&M Manual will be submitted by April 17 which is great.

I have also noticed that Part C Item 1 of the Amendment finalized recently required a Water Pumping Adaptive Management Plan to be submitted for Board approval by March 31th within the 2014 Annual report. If GN is able to submit this Plan a little bit earlier it would be great to include it within the renewal Application.

What you think?

Regards,
