Dear Mr. Dwyer, Mr. Chapple, Ms. Maksagak, and Mr. Faulkner:

RE: NPC File # 149381 [3AM-GRA1624 Municipal Water Licence Amendment]

The following works and activities have been proposed in the above-noted project proposal:

- 1. Renewal and Amendment of a Type A Water License # 3AM-GRA1624 to allow for water to be transferred on a permanente basis, directly from Lower Landing Lake to Nipissar Lake, instead of from the currently authorized location at Char River. The scope of the involved activities has been previously reviewed for an emergency water license approval.
- 2. Related NPC FILE No. 148311; Related NIRB FILE No. 13UN037.
- 3. Location: Kivalliq Region; [Rankin Inlet]

A complete description of the project proposal reviewed by the NPC can be accessed online using the link below.

The Nunavut Planning Commission (NPC) has completed its review of the above noted project proposal. The activities associated with this proposal were previously reviewed by NPC, and a conformity determination was issued on March 19, 2010 and on June 19, 2016which still applies. In addition, the activities were previously screened by the Nunavut Impact Review Board (NIRB FILE NO.: 13UN037). The above-noted project proposal is exempt from screening by the NIRB because the NPC is of the understanding that it does not change the general scope of the original or previously amended project activities, and the exceptions noted in Section 12.4.3 (a) and (b) of the Nunavut Agreement do not apply.

By way of this letter, the NPC is forwarding the project proposal to the regulatory authorities identified by the proponent. Project materials, including the applicable conformity requirements, are available at the following address:

https://lupit.nunavut.ca/portal/project-dashboard.php?appid=149381&sessionid=

The regulatory authorities to which this letter is addressed are responsible under the Nunavut Planning and Project Assessment Act (NUPPAA) to implement any of the applicable requirements by incorporating the requirements directly, or otherwise ensuring that they must be met, in the terms and conditions of any authorizations issued.

This conformity determination applies only to the above noted project proposal as submitted. Proponents may not carry out projects and regulatory authorities may not issue licenses, permits and other authorizations in respect of projects if a review by the NPC is required. Regulatory authorities may consult with the NPC to obtain recommendations on their duties to implement the existing land use plans prior to issuing licenses, permits and other authorizations under subsection 69(6) of the NUPPAA.

My office would be pleased to discuss how best to implement the applicable requirements and to review any draft authorizations that regulatory authorities wish to provide for that purpose. If you have any questions, please do not hesitate to contact me at (867) 979-3444.

Sincerely,

Goump Djalogue

Senior Planner, MCIP, RPP

Nunavut Planning Commission
