Hi Megan,

Thank you for the submission. Could you please advise where the GN-CGS is with the submissions/commitments related to the 3AM-GRA1015 renewal application. As you are aware a few management plans were to be submitted by January 31, 2016 as per commitments 1-5 completed as a result of the technical review, and included in the PHC Decision Report.

The NWB Panel will have a meeting in a couple of days to potentially move the PH date to March 16-17 from March 9-10, however, the Panel decision on this will be subject of status of commitments as being made or not by Licensee.

Regards,
