**Re: Application Acknowledgement and Additional Information Required for GN-CCS’
“Hamlet of Rankin Inlet: Amendment Application – Seasonal Replenishment of
Nipissar Lake” Project Proposal**

Dear Kassandra DeFrancis:

On August 23, 2013 the Nunavut Impact Review Board (NIRB or Board) received the Government of Nunavut, Department of Community and Government Services' (GN-CGS) "Hamlet of Rankin Inlet: Amendment Application – Seasonal Replenishment of Nipissar Lake" project proposal from the Nunavut Water Board (NWB). On September 10, 2013 the NIRB issued correspondence to the GN-CGS advising that a conformity determination from the Nunavut Planning Commission (NPC) would be required prior to commencing screening. Further, the NIRB recommended that additional information, specifically the NIRB's Part 1 and Part 2 forms, be provided in support of the project proposal. On December 11, 2013 the NIRB received a positive conformity determination (Keewatin Regional Land Use Plan) from the NPC for this project proposal. The NIRB has assigned this project proposal file number **13UN037** – please reference this file number in all future related correspondence. The project proposal submission included the following documents:

- *NWB Application for Type A Water Licence Amendment*

The NIRB has undertaken a preliminary completeness check and finds that your project proposal does ***not*** contain sufficient information for the NIRB to permit proper screening. Specifically, the NIRB is requesting submission of the following information by **January 3, 2014**.

- *NIRB Part 1 Summary Application Form in English and in Inuktitut (blank form attached)*
- *Maps*

- *Non-technical Project Proposal summary in English and in Inuktitut*
