**RE: NWB FILE # 3AM-GRA – Rankin Inlet – Completeness Check for a New Type ‘A’ Water License**

Dear Ms. Beaulieu:

The Government of Nunavut, Department of Environment (DOE) has reviewed all documents provided by the Government of Nunavut, Department of Community and Government Services for the Water Supply Facilities for the Hamlet of Rankin Inlet.

It is the opinion of the GN-DOE that this application for a Type 'A' Water License is complete and may move forward for a technical review.

The DOE thanks the NWB for giving us the opportunity to review and provide comments as to the completeness of this application, and looks forward to participating in the technical review. Please contact me if you have any questions or comments.

Sincerely,
