1. Roles and responsibilities

Indigenous and Northern Affairs Canada (INAC)'s responsibilities, mandate, and obligations stem from the following laws:

- *Department of Indian Affairs and Northern Development Act.*
- *Nunavut Land Claims Agreement Act.*
- *Nunavut Waters and Nunavut Surface Rights Tribunal Act* and associated regulations.
- *Territorial Lands Act* and associated regulations.

2. Contributions to the water licence amendment application review

- May 11, 2015 submission of a Review Letter containing Information Requests to the Nunavut Water Board.
- November 20, 2015 submission of a Technical Review Memorandum to the Nunavut Water Board.
- December 14, 2015 submission of a Second Technical Review Memorandum in response to Draft List of Commitments.
- February 25, 2016 submission of Final Technical Review Memorandum.

3. Current Overview of Water Licence Application

- During the course of the water licensing process the applicant has adequately addressed most of INAC's questions, requests for clarifications, and recommendations.
- INAC's outstanding issues will be addressed in the next few slides.

4. Technical review comments

Source of Replenishment

INAC recommends that due to yearly flow variability of the Char River and increased pressure on water use from the growth of the Hamlet, all infrastructure associated with the replenishment of Nipissar Lake should be moved to Lower Landing Lake.

5. Conclusion

Pending the resolution of the item remaining to be addressed in this presentation, the department has no issue with a renewal licence being issued.
