Hi Karen,

I just wanted to discuss how an extension would affect the process. With no date set yet for the hearing, all I can see is that an extension will delay the setting of the hearing date.

NIRB has also requested some additional information for Feb. 21st and we will not be able to have that information filed so we are possibly looking at end of march to get the information filed for both boards.

Hi Joe,

Being actually on duty travel I received a message stating that you were requesting an extension of deadline for commitments? Do you mean extending the February 21 deadline? Could you also clarify for which commitments you are requesting an extension and for how long?

I am cc-ing the AANDC Water Resources with the message as being actively involved with this project's review its opinion on extending the deadline would also be important for the Board.
