

July 23, 2021

Richard Dwyer
Manager of Licensing
Nunavut Water Board
P.O. Box 119 Gjoa Haven, X0B1J0

Dear Mr. Dwyer,

Please find attached Issued for Construction drawing set for your consideration, which includes details for the following addition to the Utilidor system, licenced under 3AM-GRA1624, in order to service a new Kivalliq Long Term Care Facility in the community of Rankin Inlet:

- Approximately 65 m extension and return 200mm HDPE DR11 water main
- Approximately 65 m extension 200 mm HDPE DR11 sanitary sewer main
- New 2250 mm diameter insulated double walled steel access vault
- 56 m 50 mm HDPE DR11 recirculating water service
- 56 m 150 mm HDPE DR11 combined domestic/fire protection water service
- 56 m 150 mm HDPE DR11 sanitary service
- Approx. 1 m of 200 mm HDPE DR11 watermain (supply) stub (for future KHC expansion)
- Approx. 1 m of 100 mm HDPE DR11 watermain (return) stub (for future KHC expansion)
- Approx. 1 m of 200 mm HDPE DR11 sanitary sewer stub (for future KHC expansion)

Construction is tentatively scheduled by the contractor for September 1, 2021. As this modification is consistent with the terms of the licence, please take this letter and attached IFC drawings as notification, as per Part F, section 2 of the water licence

Please feel free to contact me with any questions.

Regards,

Collins
